About the Rodeo

Copy-and-paste descriptions for articles, listings, and partner pages. Use whichever length fits — both are pre-approved.

SHORT · ~45 words

AI Startup Rodeo is a one-day, full-stack builder event where AI and Bitcoin builders converge in Austin. On Tuesday, October 27, 2026, developers, founders, and operators gather at Q Branch — The Texas Embassy for hands-on sessions, live demos, and the momentum to ship what's next.

LONG · ~95 words

AI Startup Rodeo is a one-day builder event in downtown Austin for the people building the next layer of AI and Bitcoin. Held Tuesday, October 27, 2026, from 8 AM to 5 PM at Q Branch — The Texas Embassy, it puts full-stack AI developers, Bitcoin builders, founders, sponsors, and operators in one room for hands-on sessions, builder-grade demos, and high-signal conversation — no slideware. It's practical, technical, and Austin-native: more useful than a conference, more energetic than a classroom, more credible than generic AI hype. Breakfast, coffee, and lunch are on the house.

ONE-LINER

Where Full-Stack AI and Bitcoin builders converge in Austin — one day, one room, full stack. Tuesday, October 27, 2026.

POSITIONING**Builder-first**

A hands-on room for people shipping product — AI labs and Bitcoin builder energy in one place.

High signal, no slideware

Demos and working sessions anchor the day; practical and technical over polished hype.

Austin-native

Downtown on historic 6th Street — a working room where builders actually build.

USAGE

DO

- Use the supplied logo files at full opacity.
- Give the marks clear space.
- Place logos on Night or a clean light background.
- Refer to the event as "AI Startup Rodeo".

DON'T

- ✗ Recolor, stretch, rotate, or add effects.
- ✗ Rebuild the wordmark in another typeface.
- ✗ Place the logo on busy, low-contrast imagery.
- ✗ Abbreviate or re-spell the name.
